# LiFePO4 Battery Booster Pack

Environmental friendly- Recyclable, Non-toxic material.

**Rescue For Automobile.  
Aid For Emergency.  
Best Companion For Outdoor Activities.**

Specially designed for gasoline engine start,  
also suit for hiking, camping, fishing and  
most outdoor activities

Powered by Lithium Iron Phosphate battery, our "LiFePO4 battery booster pack" is probably the lightest battery booster on the planet. This new generation battery booster pack is compact, light and high rate discharge power. Moreover, it's about 5 times longer of service life than a lead acid based one.

X Series ■

S Series ■

### Gasoline Engine Start

under 3000 c.c. (12V 15Ah)	under 2000 c.c. (12V 8Ah)
X-1215	S-1208
X-1215	S-1208
3.0 kgs	2.3 kgs

Multiple applications.  
 Built in FM Radio.  
 High power white LED for lighting.  
 Alert signal indicator.  
 DC outlet to power a variety of 5 Volt accessories.

## Features:

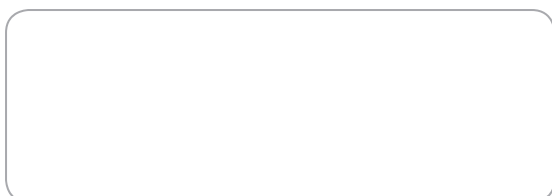

- Higher power -- Starting more vehicles than Lead Acid.
- Lightest booster pack -- About 1/2 ~ 2/3 of Lead Acid's weight, easy for carrying.
- Service life longer than the vehicle life time.
- Low voltage alarm to remind charging to avoid battery over discharged.
- Extra functions -- FM radio, DC 5V power supply for cell phone, LED lighting...etc
- Both AC charger and Car charger available.

## Specifications :

Voltage (V)	12		
Capacity (AH)	15Ah /8Ah		
Exepected Service Life	10 Years <sup>+</sup>		
Life Cycle	1500		
Peak Power (W)	Clamp Power	1900W (15Ah)	1600W (8Ah)
	USB	5V1A	
Charging Current (A)	AC charger - 1A (over night)		
Weight (kgs)	3 (15Ah) / 2.3 (8Ah)		
Dimension LxWxH	290 x 190 x 100mm
